FREE!

HAPPY TEACHING!

Print off the pages you want to use onto card. Cut along the lines to separate cards and laminate if preferred.

Put the Christmas tree mat in front of your child plus some little objects for 'decorating' the tree (or cut out and use the baubles provided).

Use whichever cards are most appropriate for your child – numbers alone, little trees with numbers or little trees with baubles for them to count.

Then simply decorate the tree with that number of objects!

I hope your children enjoy this counting activity!
